

IBE Editors Network

International Bureau for Epilepsy

Issue 6

Dear All

Welcome to the sixth edition of the IBE Editors Network. Since our Paris meeting, August 2005 we have held meetings in:

- **Kuala Lumpur**, Malaysia - 6th Asian & Oceanian Epilepsy Congress, November 2006
- **Singapore** - 27th IBE International Epilepsy Congress, July 2007
- **Xiamen**, CHINA, 7th Asian & Oceanian Epilepsy Congress, May 2008

Agreements:

Important agreements were made in KL:

Promote and ensure a consistent message internationally eg. promotion of the Global Campaign & Promising Strategies Campaign.

Develop a photographic library resource and ensure that all ethical and legal issues etc. including patient/client confidentiality are addressed.

Agreed in Singapore:

That Editors Network resource information stored on the IBE website will be in English.

That hard copy newsletters and publications are not dead and that soft copy versions (email/internet/website) are also useful.

That a Photographic Request Form be created for Editors Network members complete to gain permission to obtain high resolution jpeg files to publish.

IBE Website Development:

- The new IBE website is now well established and that the Members and Editors Network sections are operational
- The Members Section is designed to be used for downloading forms, procedures, Constitution, dues forms, financial statements and summaries of Executive Committee Minutes
- Members have been supplied with a password to access this section
- Photos are uploaded directly to www.ibe-epilepsy.org

Publishing is an important task and the quality and value of the information disseminated is critical to progressing the epilepsy cause.

Through this networking, we can ensure continuous improvement of our publishing quality.

Xiamen, China Group:

Front L to R: Ann Little, Jacinta Cummins, Denise Chapman, Anthony Zimba, Dr M M Mehndiratta, Robert Cole, Susanne Lund, Carol Ireland, Dr Vinod Saxena, Dr Allison Clarke and Dr Christine Walker

Next Meeting (face to face)

Will be held at the 28th International Epilepsy Congress, Budapest, HUNGARY, June 28th – July 2nd 2009.

It is fantastic to meet so many editors and to receive so much interest from this group. Editors want to collaborate and share knowledge and resources.

I look forward to seeing you all in Budapest!

Robert Cole
Chair — IBE Editors Network
