Dear Friends

I am very enthusiastic to announce the decisions of the IBE International Executive Committee following its review of the projects submitted for consideration for funding under the 3rd round of the Promising Strategies Program.

Among the many interesting and exciting projects submitted, we have selected 8 projects which will be funded to a total of \$24,000 over the coming 12 months.

You will be able to find full information on these projects on the IBE website.

One further proposal is still under consideration and I hope to have news on this in the coming weeks.

You can also help!

The provision of even small levels of funding can make a dramatic difference for people with epilepsy living in developing nations. As always we would welcome contributions to the fund, which will allow us to help even more member associations, so that the Promising Strategies Program can be extended even further.

Until next - best wishes to all!

Susanne Lund
President

Register for Budapest!

The congress website is now open to accept online registration for the congress. Delegates will be pleased to learn that the low registration fee period has been extended to 14 April!
