

# EU Written Declaration on Epilepsy 22/2011

Gay Mitchell, Nirj Deva, Marian Harkin, Peter Skinner, Angelika Werthmann

**Epilepsy Advocacy Europe**, a task force of the International Bureau for Epilepsy and International League Against Epilepsy would like to thank the 112 MEPs who signed the Declaration on Epilepsy during the **September Plenary Session in Strasbourg**, following which the declaration was passed. A total of 459 MEPs signed the declaration, 90 more than the minimum required, indicating the European Parliament's support for improved services for people with epilepsy. Epilepsy Advocacy Europe is grateful to all those MEPs who supported this important initiative, with particular thanks to Gay Mitchell and the four other members of the European Advocates for Epilepsy Group who submitted the Declaration to the Parliament.
