

JOIN OUR CITIZEN JOURNALISM TEAM

An initiative of

In partnership with

Jamaican Epilepsy Association

Epilepsy Foundation of Guyana

We wish to invite individuals with lived experiences of epilepsy to become members of our Citizen Journalism Team in the North America Region.

Types of Activities

These are the types of activities that you can get involved with:

- Sharing your personal epilepsy journey or collecting stories from others in your community.
- Crafting engaging posts, articles, or videos for dissemination on social media platforms. Sharing educational content about epilepsy, its challenges, and available resources.
- Attending and covering local events related to epilepsy awareness, providing highlights and personal experiences.
- Conducting interviews with healthcare professionals, researchers, or advocates in the epilepsy community.
- Being interviewed by journalists.
- Developing toolkit materials, including graphic design and translation.

How to Get Involved

If you are passionate about making a positive impact and eager to be a voice for epilepsy awareness, please get in touch, specifying the areas your skills and interests align. We will then provide you with further details on how to get involved with this exciting new project.

Thank you for considering this impactful opportunity.
